TekLinks Renews Cisco Advanced Unified Communications Specialization

TekLinks a regional IT services firm, based in Birmingham, AL announces that it has achieved the renewal of its Advanced Unified Communications Specialization from Cisco®.

Cisco recognizes TekLinks, a Cisco Gold Certified Partner, for its knowledge and expertise in continuing to demonstrate it's qualified to sell, install and support customers with Advanced Unified Communications.

"Achieving the renewal of our Cisco Advanced Unified Communications Specialization status undoubtedly gives us greater recognition from Cisco and profound credibility to our current and future customers," said Jimmy Hamilton, TekLinks Cisco Practice Manager. "It also demonstrates our level of commitment and investment in performance and service that TekLinks consistently strives for."

TekLinks holds Cisco's Advanced Specializations in the following areas: Data Center Network Infrastructure, Data Center Storage Network, Routing & Switching, Security, Unified Communications and Wireless LAN. TekLinks also holds Cisco certifications and specializations in network based physical security, digital signage, digitally controlled & managed utilities, multi-tenant communications and technology solutions.

These and other specializations and authorizations will continue to be recognized in the Partner Locator section of Cisco's website. To access the Partner Locator, please visit:
