TekLinks Achieves Cisco Advanced Routing & Switching Specialization

[TekLinks](#), a regional I.T. services provider headquartered in Birmingham, Alabama, announced today that it has met the resource requirements for Advanced Routing & Switching from Cisco, demonstrating that TekLinks is qualified to support customers with Advanced Routing & Switching in the United States.

Neil Lawler, Vice President of Engineering Services, stated: "We are delighted to have earned Cisco's Advanced Routing and Switching Specialization. The investment we make in our dedicated team of Cisco professionals defines our commitment of delivering the highest quality of Engineering Services to our clients."

The Cisco Advanced Routing and Switching Specialization recognizes partners for their knowledge and expertise in selling, designing, installing, and supporting comprehensive, integrated network solutions that enable partners to address a wide range of customer needs, from enterprise-scale organizations to small and medium-sized business (SMB) customers.

About TekLinks

TekLinks is a leading provider of IT and Managed Services in the Southeast. TekLinks partners exclusively with market leaders that are the dominant players in their respective fields-- Cisco, Microsoft, EMC, Citrix, and VMWare. Additionally, TekLinks has leveraged their technical expertise to develop a managed services practice that offers a full range of managed offerings, from desktop support to data center services. TekLinks is committed to leading the market in technical excellence and next generation managed services.

TekLinks, We Know IT.
